Good Duos [ARTDUMP]

Uhhh I have some art but like,, theres a few duos I completely missed because I havent drawn much of them, so please bare with me haha- This is an art dump like the title says so go ahead and skip if you'd like!! But I love these duos and I wish they were canon,, but some of them aren't and that sucks!! ALSO DONT YOU DARE SHIP SOME OF THEM I WILL KILL YOU IF YOU DO.

Best

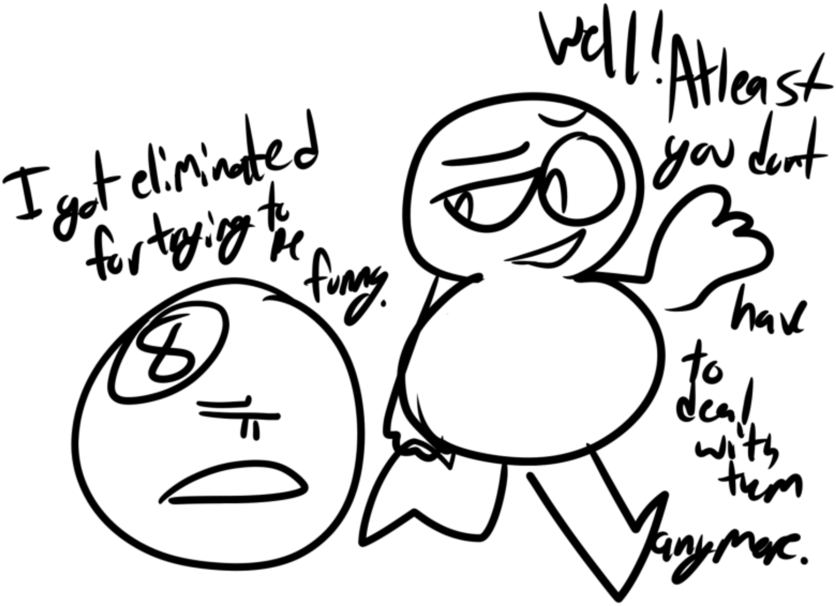
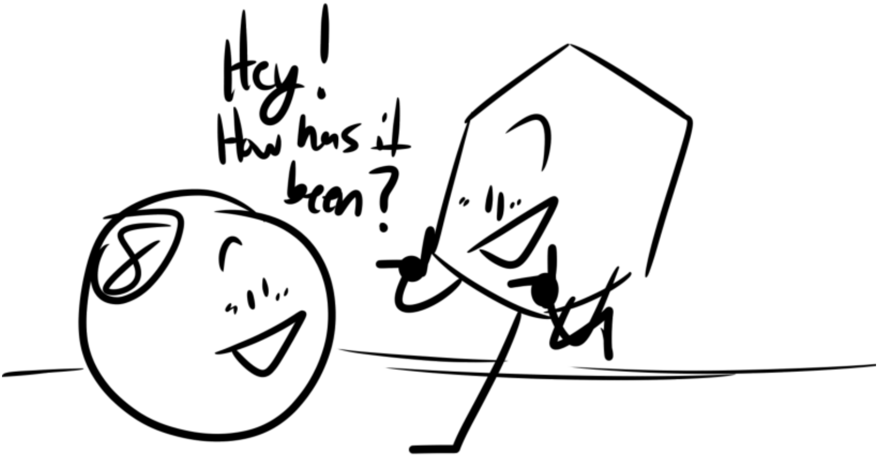
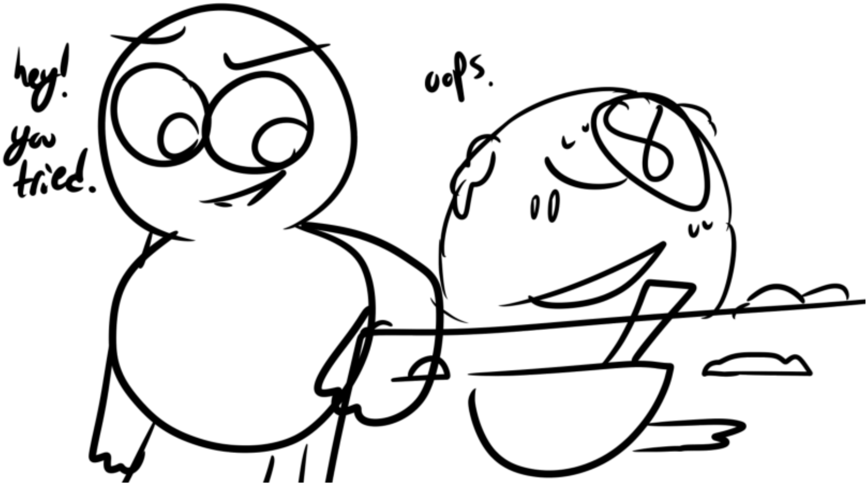
of
LIIFEE



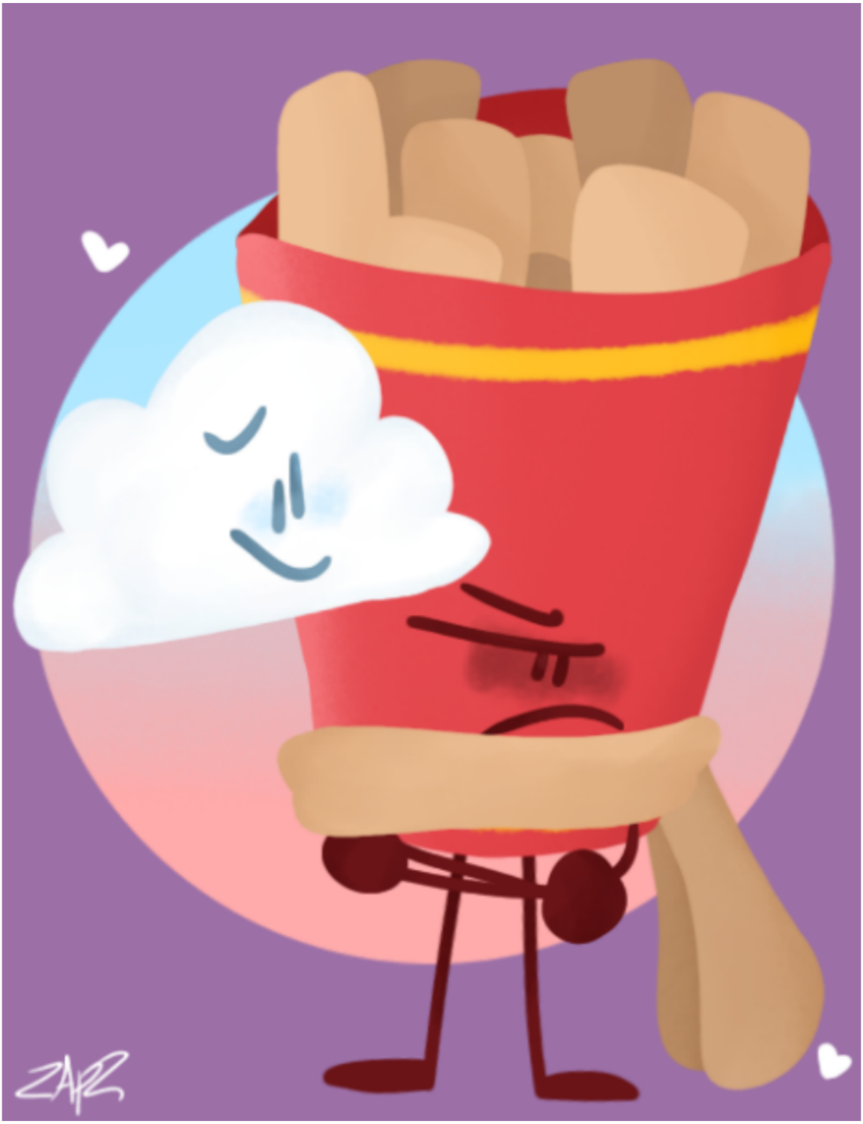
I got eliminated for trying to be funny.
Well! Atleast you dont have to deal with them anymore.



Hey! How has it been?

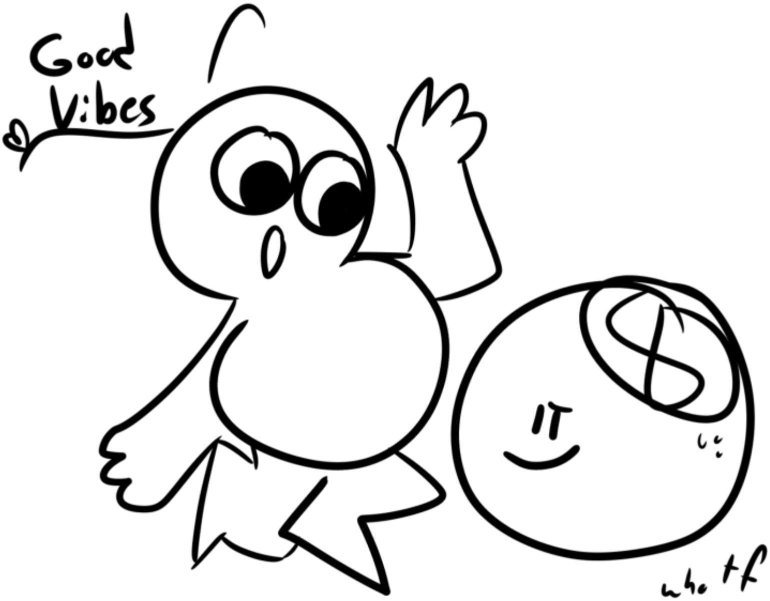


hey! you tried.
oops.

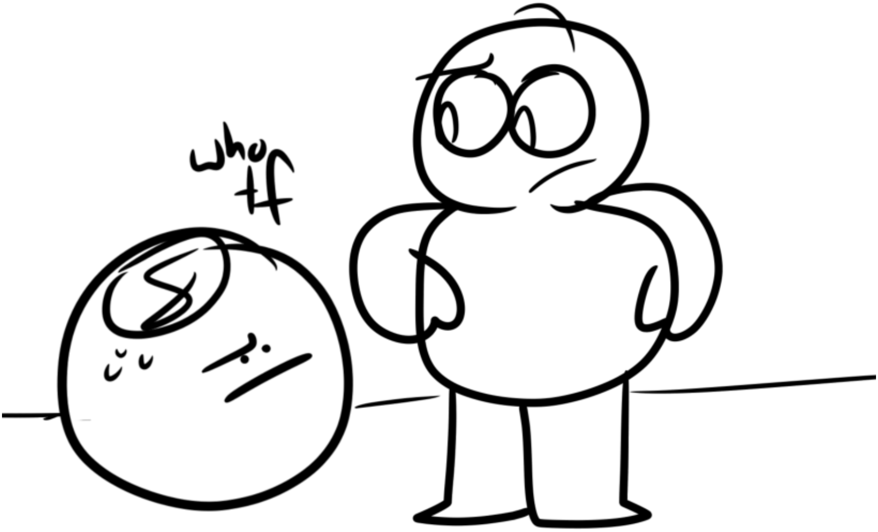


(THIS ONE'S OLD BUT THIS IS A VALID SHIP PLEASE SHIP THEM GRRR!!)

ZAPZ



Good Vibes
IT
who tf

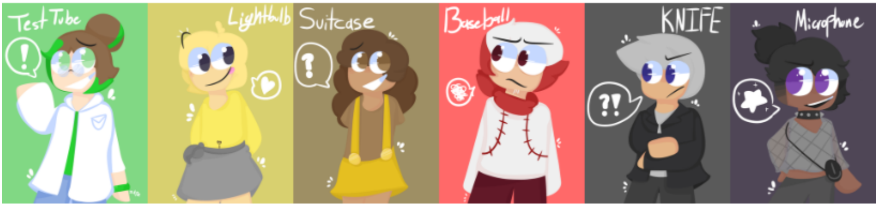


But yeah that's most of my good duos,, I love all of these duos sm and Im lowkey upset it isn't canon yet!! I mean yeah some are bold and some are literally just doodles but gosh I don't know I see some of these as a possible canon duo even IF SOME OF THEM HAVE NEVER INTERACTED WHICH EACHOTHER XD XD (aka all of them smh)

So yeah thats literally it for my dumb rambling,, im prob gonna post a ton on this book because i have so much art

Inanimate Insanity Finalists HUMANIZED!!

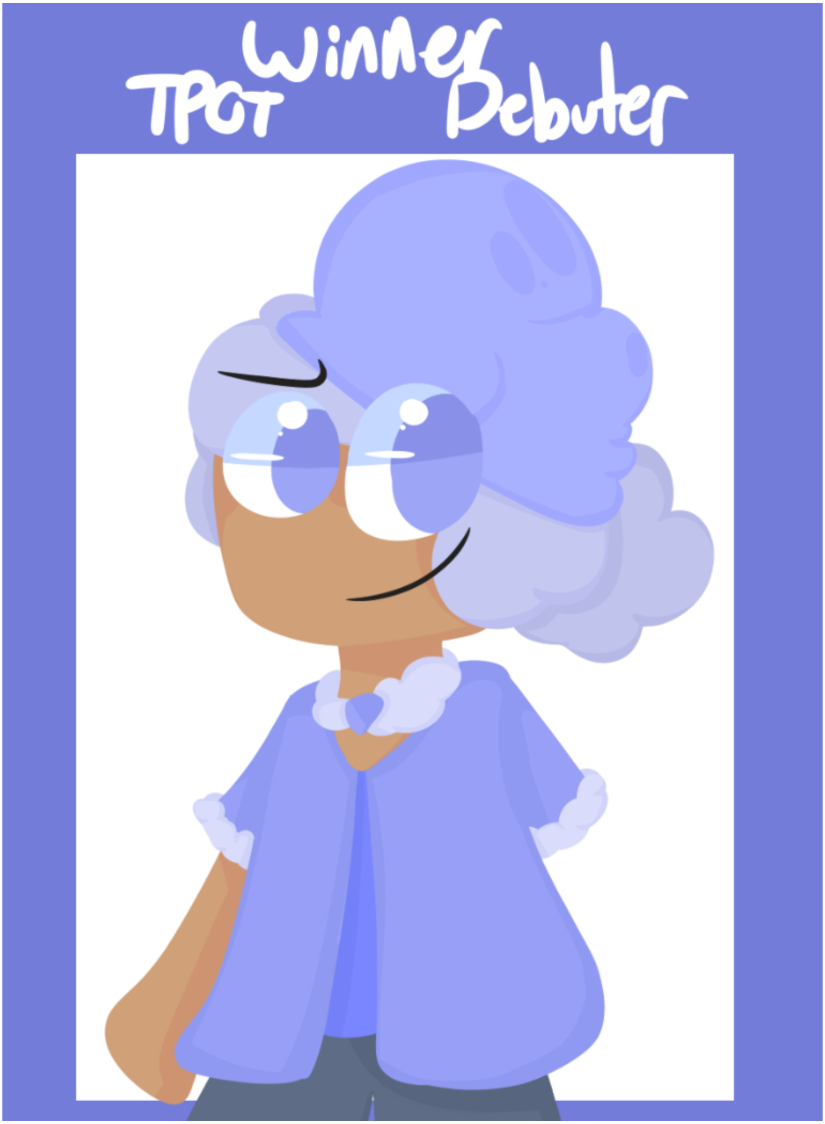
click fingers finished it



Test Tube
Lightbulb
Suitcase
Baseball
KNIFE
Microphone

I love II so goddamn much it's such a good show,, I can't believe in just a few days such a important episode is coming out after so many years,,,, But yeah! Here's the 6 of em. That's kinda it haha-

winner tpot



TPOT
Winner
Debuter

why are people actually reading my art it feels so weird to have so many views on my chapters what- anyways heres winner! i plan on doing the other debuters once i get motivation or when their gender is revealed, but for now, female winner! >:3

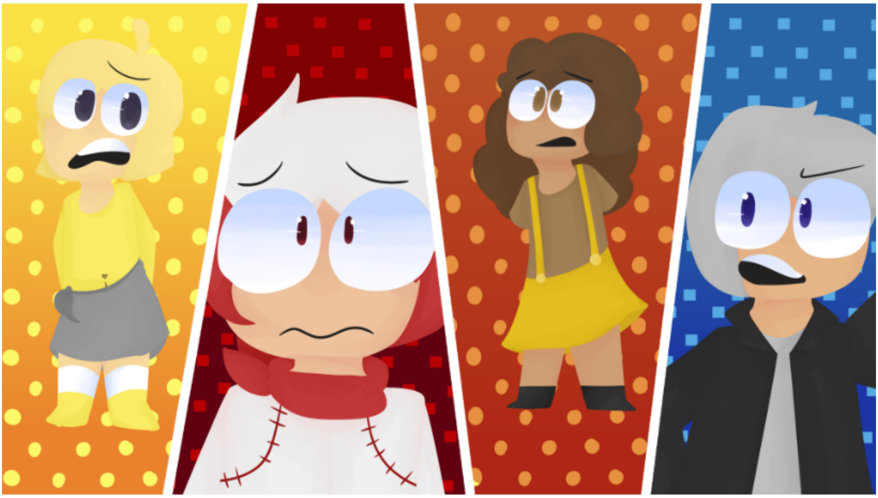
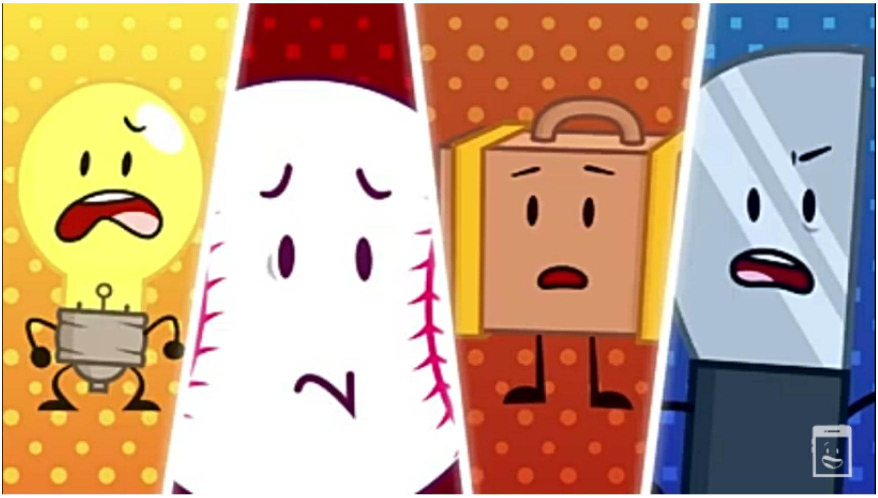
-Mephone 4-
-MePad-
???

WOA WOA WOA IT WAS AMAZING EEEEEEEEEEEEEEEEEEEEEEEEEEEEE- also heres the hosts + toliet (i dont think i can even consider them a host anymore cries)

so uh- yeah this was heartbreaking i genuinely didnt think it'd be a double elimination!! kinda shocking,, anyways uh- i decided to do a screenshot redraw of the final 4 bcuz they all cool!! besides lightbulb





humans are hard to draw but the end product is always rewarding :) i was planning to do this with objects but like,, i cant draw objects for the love of fluff!!

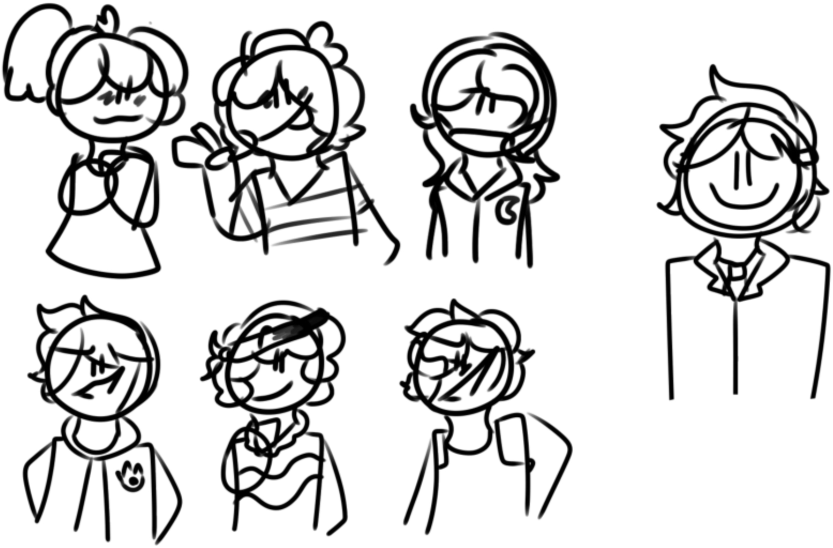
hey fun fact i usually make concept designs of most of the characters in the books beefore actually so here are some! honestly the most fun ones are definitely the exitronpa concept doodles haha,,



YF's Warehouse,,,,
i just like the concept a lot so i decided to doodle all 6 children + yf before actually working on the cover itself so!! but yeah these are their main designs that i basically simplified from my bfb designs of them from the first chapter lmao

now for exitronpa!! oh these are old as FUCK and OH MY GOD THE

tbh,, im really proud of how all of the designs for every book i make come out!! and honestly it's really fun to look back on the beta designs to see what would've been better or worse.. to be honest the worst character design has to be either balloony or leafy so OOP

but overall, i think i'll try to send more concept designs of future books when i get the time!
(im still trying to find future book ideas even though i have like 10

im so sorry lmao im planning on canceling trust me bcuz that book gay)
